

Why

Daleka obala

Em **D**
One year ago I was a rock and roll star
I watched television and I saw the war
I thought that it's so far away from me

Now I am a soldier and I have a gun
I try to save my daughter I try to save my son
I try to save my country where I live

Oh my life

Why, why we must fight

Every day and every night

Why, why, why we must die
