G                      C              D                      (C)G  
Na obalu plavog mora, udara hladan val  
C                      D                      C                      D                      G  
Jos samo poneki galeb, sleti na morski zal

REFREN:

G                      C              D                      (C)G  
Tuzne su dalmatinske noci, zimi kad puse bura  
C                      D                      C                      D                      G  
samo vino i karte u konobi, do kasnih nocnih ura  
G                      C              D                      (C)G  
Tuzne su dalmatinske noci, zimi kad puse jugo  
C                      D                      C                      D                      G  
samo vino i karte u konobi, a ca bi mogli drugo

Instrumental

Umorne barke vali, vezali su uz kraj  
Ni pisma se vise ne cuje, i klapa je vec zaspala
